

R E M A R K S

Prior to the paper filed on March 4, 2009, claim 40 was erroneously written as dependent from itself. In the prior paper, claim 40 was amended to correct its dependency but the markings of the amendment were inadvertently omitted. Thus, it was properly identified as "currently amended". The markings in claim 40 to delete the "40" and replace it with 39 are now shown. No new matter is being introduced, and entry of these claims is respectfully requested.

Applicants refer the Examiner to the prior paper for Applicants response to the restriction requirement, which is not reproduced in this paper.

Applicants respectfully request entry of the foregoing claims in place of those submitted on March 4, 2009, and reconsideration of the restriction requirement as discussed earlier. The application is now in condition for Examination on the merits and allowance.

Respectfully submitted,
